

Cost of Multi-hole Cable Tray

Overview

Cable tray pricing varies significantly based on configuration: ladder-style trays (\$3-12/ft), trough systems (\$8-18/ft), and solid-bottom variants (\$10-25/ft). Industrial cable management pricing reflects these structural differences. How can we improve?

Choose from our selection of cable trays, including over 850 products in a wide range of styles and sizes. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial applications. Cable tray (or cable ladder) systems are a popular alternative to electrical conduit systems, as they have an outstanding record for dependable service, design flexibility and cost savings in commercial and industrial applications. They can sustain heavy power cables. You do not need to pull anything. The average cable tray price per meter ranges from \$2 to \$15. Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations can impact.
