

## Manufacturer of 1000mm deep cold aisle for optical cable winding

### Overview

In 2024, Worthington Armstrong Venture (WAVE), a joint venture between Armstrong World Industries, Inc., acquired all of the assets of Data Center Resources, LLC (DCR) related to the design and manufacture of customizable, modular aisle. The Single Sliding Door is highly dependable and versatile to accommodate customer hot or cold aisle needs. Robust design reduces the number of moving parts but includes key features such as pneumatic soft close and low profile. Ships fully assembled in clear, black or custom powder coat. Sliding. At WindChill, we specialize in containment solutions. We collaborate closely with each client - regardless of project scale - to design and fabricate custom systems that meet their specific requirements. Once the design is finalized, we commence manufacturing. Other products include containment roof systems, aisle end doors, containment walls, cable cutout covers, AC extensions, subfloor velocity. Armstrong aisle containment combines flexible design, strategic sourcing, and American manufacturing to deliver solutions that ensure long-term performance in a rapidly evolving digital world. Armstrong aisle containment solutions provide high-performance systems that support efficient, scalable. Custom engineered hot and cold aisle containment solutions that keep your data center running smoothly — and make your build-out be more efficient, too.
